## VOTE OF CONFIDENCE

### WAS UNANIMOUS

Enthusiastic meeting of the electors at Poplar Lake last evening endorsed the candidature of Hon Frank Oliver.

A public meeting was held last night at Poplar Lake school house, which was largely attended. T. E. Hutchings was chairman.

Mr. Oliver addressed the meeting dealing fully with the financial and educational clauses of the Autonomy Bill. He had been against autonomy because of a doubt as to success in receiving a sufficiently favorable financial arrangement. Now that a favorable financial arrangement had been made he would support it.

By his offering for re-election the merits of the arrangements were submitted to the judgement of the electors.

On the educational question he said that the petition asking that the provinces be left free in educational matters should have been addressed to the Imperial and not to the Canadian Parliament. It was by act of the Imperial Parliament that the educational rights of the provinces were restricted in protection of the religious minority. That restriction had been placed in the constitution to protect the rights of the province of Quebec and had remained there without protest from the Canadian Parliament or any section of the Canadian people for thirty-eight years. The Government were not to be condemned for, on the one hand, freely recognizing Imperial authority, and on the other hand securing to the people of the North West their present satisfactory system of purely national schools without the expense or turmoil of reference to the courts and with the possibility of future remedial legislation such as was attempted to be forced on Manitoba in 1890. While the present system made a reasonable concession to the feelings of the religious minority in any settlement, whether Protestant or Catholic, and at the same time made adequate provisions for religious instruction the regular educational efficiency of the schools was kept up to the very highest standard by a system of absolute state control.

This system had been in force for twelve years, and when the Dominion Parliament could not under the provisions of the British North America Act place the provinces in absolute control of their school system, they did the next best thing and provided that the continuation of the present system should be subject to question. The ex-Minister of Interior, the first school clause did not sufficiently preserve the absolute state control which is the cornerstone of the present North West school system. The Government, which had been accepted by the Government was in accordance with his views and with those of the other Liberal members from Manitoba and the Northwest. It was Hon. Mr. Sifton and the Western Liberal members who were on the watch on this occasion not the lesser or members of the Opposition. It was not until the resignation of Hon. Mr. Sifton was thought to have given an opening for party advantage that the interest of Ontario in the educational rights of the Northwest was aroused.

Mr. Oliver said that he did not wish to be understood as appealing for support on the grounds of material advantages likely to result to the district from its representation in the Cabinet. During a great part of the twenty-two years that he had been before the public of Edmonton he has been under the dog in the fight. He had appealed for support then on the ground that he was in the right. He did not wish to appeal on any other grounds now. In conclusion he asked that the votes be cast on election day. The opponents of the Government in the past were saying that he was depending on the foreign vote for election. He reminded his friends that at the recent general election the same parties were depending on the foreign vote to defeat him.

J. N. Boyle was called on, and addressed the meeting at some length giving a very lucid description of the working of the school system of the North-West and explaining why it should be continued.

A vote of confidence in Mr. Oliver was moved by John Lucidon, seconded by John Herdell, and carried unanimously. The meeting closed with cheers for Oliver.

## ROBLIN STILL SUBMERGED.

Manitoba Premier failed to come to the surface at the much heralded Baldur Meeting—McIntyre Nominated for Mountain.

### Bulletin Special.

Baldur, Man., April 14.—The much-heralded speech by Premier Roblin here tonight on the occasion of the nomination of a Conservative to contest Mountain for the legislature did not bring to light anything very fresh in the political situation, except the Premier's declaration that he would not settle the boundary question with Premier Whitney of Ontario. The anticipated explanation of the Sharrett incident is not forthcoming and the disappointment is generally felt that no definite announcement was made, as to the threat to summon a special session of the legislature to repeal the concession given the minority by the act of 1897. D. A. McIntyre, who was again nominated for Mountain,

was soundly thrashed by ex-Premier Greenway last provincial election.

GOOD AGENTS FOR THE

Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

## PARLIAMENT.

Ottawa, April 6, 1905.

## MANITOBA'S GRIEVES.

The autonomy debate was resumed on Monday by Dr. Roche, Conservative. Marquette, Man., whose lengthy speech was divided into two parts; one a complaint because the boundaries of Manitoba had not been enlarged, the other an attack upon the motives of the members supporting the Government. No part of it was devoted to the statement of Dr. Roche's own position in regard to the educational clauses.

## A NOVA SCOTIA VIEW.

McKenzie, Liberal, of Cape Breton, supported the bill; and as one who favored religious instruction in schools supported the continuance of the existing law in the Territories.

## SPARRING FOR THE WIND.

G. B. Perley, conservative, Argenteuil, Que., made a moderate and non-committal speech. He thought the Government should have secured a judicial decision before having brought the bill forward. In the course of his remarks he said, "None of my Protestant friends would object to see continued in the West the very moderate means of education which Roman Catholics now have there. No member of the Opposition was opposed to the separate school system as at present established in the West. I believe in provincial rights, but this does not seem to be a question of provincial rights, but of the legal interpretation of the British North America Act." At the close of his remarks Mr. Perley said that the Government would never have met so much disapproval if they had first consulted their supporters.

## AN ULTRA CLERICAL HEARD FROM.

On Tuesday the debate was continued by Mr. A. Lavergne, Liberal, Montmagny, Que. Mr. Lavergne, with Mr. Beaudouin, constitutes the ultra-clerical wing of the Liberal representatives from Quebec, and it was rather expected at one time that he would oppose the bill because of the "changes in the educational clauses. While championing the cause of Roman Catholic education, he had apparently been driven to a full support of the Government measure by reason of the attack that had been made upon his race and faith by members of the Opposition. He speaks English remarkably well and made an important contribution to the debate from his own particular standpoint.

## THE PROTESTANT HORSE AND ITS RIDER.

Colonel Hughes, conservative, Victoria and Haliburton, Ont., made one of his usual speeches, in which he emulated Mr. Gourley, who figured in the last Parliament, the distinctive feature of whose speeches was always a declaration of war upon somebody the United States preferred. With Colonel Hughes he has to declare war on somebody, but his preference is against the Roman Catholic church and the French of Quebec.

## THE NORTHWEST AGAIN.

J. G. Turritt, Liberal, East Assiniboia, was the last speaker on Tuesday and held the House for about an hour with a plain and effective statement of the bill as it affected the Northwest. During his remarks Mr. Turritt was interrupted by Dr. Spruille with the suggestion that he had been living on Government land. Mr. Turritt had been Commissioner of Dominion Lands for some years. His reply to Dr. Spruille was, "I never earned money so well as when I was working for the Government. What I did for \$3000 a year, your Government paid \$5,000 for and did not get it done." Continuing, he said, that too much prominence had been given to the education clauses; the financial provisions were of greatest importance. If the people of the East understood the nature of the schools in the West, there would not have been the agitation that there had. As an evidence of the general misunderstanding as to the nature of the Northwest schools he read a letter from a voter of his constituency urging him to vote against separate schools and for the maintenance of the present system.

## MANITOBA GOVERNMENT'S NEGOTIATIONS.

On Wednesday the Autonomy debate was switched off for an hour or two by a warm discussion on a statement which had been handed out by the Hon. Mr. Rogers of the

Manitoba Government as to his negotiations on the question of separate schools in Manitoba with the Papal Delegate in Ottawa. The effort of Mr. Rogers was to in some way minimize the Dominion Premier with the position taken by the Papal Delegate. [This statement of Mr. Rogers had appeared in all the morning papers and the Premier took the first opportunity on the order of the day being reached to absolutely deny any connection with the action of the Delegate.

## A SCRAP DEVELOPED.

An acrimonious discussion followed in which Messrs. Borden, Bourassa and others took part, without any further light being thrown on the question, except that there was made amply evident the fact of concerted action between the Rogers wing of the Manitoba Government and the Conservative party in Ottawa, to create a grievance against the Ottawa Government on the part of Manitoba, and still more to use this alleged Manitoba grievance as a means of arousing Protestant feeling against the Catholic Premier throughout the Dominion.

## STEAM GOING DOWN.

The Autonomy debate was continued on the evening of Wednesday, Conservative of Lennox, Ont., opposing, and Bolland, Liberal, of Beauce, Que., supporting the bill.

## THE MANITOBA GOVERNMENT AND THE PAPAL DELEGATE.

Today's proceedings were enlivened at the beginning by a criticism offered by the leader of the Opposition on the statement handed out by the Papal Delegate in reply to the statement of the Hon. Mr. Rogers to their mutual negotiations. The statement of the Delegate was that having had communication with the Manitoba Government in regard to the separate school rights in the province, he took the opportunity of the visit of Messrs. Rogers and Campbell of the Manitoba Government to Ottawa in February to invite the Hon. Mr. Campbell to his house where they further discussed the matters which had already been dealt with by correspondence. He had not seen Mr. Rogers at all. He had made any suggestion as to the reason of Manitoba not securing an extension of its western boundary, and he had no authority from the Dominion Government to make any statement as to what Manitoba might secure in the way of territory by concession towards Roman Catholic separate schools. His allusion to the desirability of the Manitoba Government conceding something more to the Roman Catholics than they now enjoy was based on the idea that Roman Catholics settled in the territory which it might be expected would be added to the province would naturally be more willing to accept annexation if they were continued in such separate school rights as they now enjoyed.

## INSINUATIONS AGAINST DENIALS.

Mr. Borden was not satisfied to take the statement as it was made in plain English, but insinuated that there was evidence of collusion between the Government and the delegate, which Sir Wilfrid again absolutely denied.

## FOSTER TRUE TO HIS RECORD.

Mr. Foster took up the cudgels for his client and made a bitter attack upon the Government in connection, not so much with the alleged action of the Delegate as with his presence in the country. The historical fact was evidently—very evidently—before Mr. Foster's mind, that, whereas, in former years, the clerical clergy of the province of Quebec were the strong right arm of the party with which he was associated when in office, now that clergy were actually or practically silent in political contests, and the vote of the province was a bare and apparently an insurmountable barrier to the attainment of office by himself and friends; this was a crime that could not be forgiven. While Mr. Foster could not do anything to change the conditions in Quebec, he used the best of his ability towards arousing racial and religious prejudice throughout Protestant Canada, showing himself to be as ready today to climb into office on Protestant prejudice as he was in '96 to retain office by selling out Protestant rights to Roman Catholic prejudice.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, he is entitled to the issue of such patent, commencing in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon such land. The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homestead to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands, in the Railway Belt in British

Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

## W. W. CORY,

Deputy Minister of the Interior,

N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

"An arrangement is also about to be made to give the Intercolonial running rights over the Canada Atlantic, announcement to this effect having been made in Parliament. When the Canada Atlantic was made over to the Grand Trunk, a loud outcry was raised because the Government had not secured the road for the Intercolonial. An arrangement is now being effected which will give the Intercolonial direct connection with the great lakes at Pary Sound, affording connection between Montreal and Georgian Bay.

"Regarding the school clause in the Autonomy Bill, it is claimed that between the bills as first submitted and as now amended, there is little real difference," suggested the reporter. The best answer that I can make to that statement," replied Mr. Oliver, "is that the Hon. Mr. Sifton who it must be admitted is conversant with all phases of the school law as any other Canadian, was so satisfied that he sacrificed the most important portfolio in the Dominion cabinet on account of it; and he voluntarily agreed to express his readiness to vote for it. Nothing that I could say would express more emphatically the extent of the changes in the bill. The position taken by the Government is that they are content with an existing condition. If during the present before parliament the bill at present, before parliament fails to make provision for the school, the Government expresses its willingness to amend it so that this will be done.

Asked whether a bill of this nature would be satisfactory to the people of the West, he replied:

This special treatment requires two to three years, depending on the "crop."

I work it thoroughly—through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity—necessary to bring out the virtues I insist on in each cigar.

## OF LOCATION OF FLEETS.

Rojevsky believed to have altered his course to avoid passing vessels.

## Bulletin Special.

London, April 15.—No news throwing light on the movement of the fleets of Rojevsky and Togo has been received here, but according to the statement made by a doctor on board the Russian hospital ship Orel at Seigon, the ships of the Baltic squadron are going to Vladivostok, Tuesday being the last day the Russian vessels were sighted. It is the general opinion in London that Rojevsky has changed his course possibly to the eastward, as otherwise it is considered certain that the fleet would have again been sighted by passing steamers. The correspondent at Hong Kong telegraphs the report made by a steamer on April 10, that the Russian warships presented a serviceable and business-like appearance.

## Yukon Council Elected.

## Bulletin Special.

Ottawa, April 14.—The Department of the Interior received a telegram today announcing that the following have been elected to the Territorial Council of the Yukon: T. O'Brien, South Dawson; Henry McAulay, North Dawson; Mr. Gillespie, Bonanza; Robert Low, (acclamation); White Horse; George Black (acclamation); Klondike.

## STRATHCONA.

## (From the Phindaler)

The Strathcona Tennis Club hold their annual ball on the evening of Monday, April 24.

Misses Patterson and Craig are starting an industry on the river front in Strathcona which promises to be one of the greatest importance to this town and district. It is a concrete works for the manufacture of sewer pipe, tile, chimneys, cement building blocks and all sorts of materials that may be made from cement. They expect to have their plant in operation in the course of two weeks.

The list of successful students in the last teacher's normal class at Regina has just been published and we make among the names several from Strathcona: Misses J. M. Baston, A. V. Klyn, I. M. Marr, A. Willis.

Mr. J. C. Wehring returned to Strathcona on Friday last for the purpose of bearing the degree of Veterinary Surgeon, having just graduated from the Ontario Veterinary College. The graduating class this year numbered ninety-one of whom twelve came from the Northwest. Dr. Wehring will open an office in Strathcona and practice his profession here.

Mr. and Mrs. John Deid, of Agriculture, left this week for Calgary, where they will reside for some time. Mrs. Deid's health has been poor for some time and they hope the change may be beneficial to her. Alex. Cameron, of Strathcona, left on Monday last for the Clearwater River, to estimate timber on limits for the Grand Trunk Pacific Co.

## SUCCESSFUL LACROSSE MEETING.

At the meeting of those interested in lacrosse last evening in the Windsor hotel, a club was organized and the following officers elected: Patron, Hon. Frank Oliver; President, Mr. John Morris; Vice-President, Mr. Robert Dewar; Secretary-Treasurer, Mr. A. L. Sault.

Captain, Mr. W. S. Harlin; Chairman executive committee, Mr. D. C. Corbett.

The proposition of forming an Alberta league for the coming season was brought up and heartily approved of by all present and the Secretary instructed to carry on the necessary arrangements for the Edmonton club. The plan is to have several divisions such as from Fort Saskatchewan to Red Deer, from Red Deer to Calgary, from Calgary east and south, the winning teams to play off the finals at some centrally located town. All present last evening seemed to think that Edmonton's prospects were better for a successful winning team this year than ever before and sincerely trust that they may have the patronage and support of all those of our city who are admirers of true sport. The next meeting of the club will be held next Wednesday evening in the Windsor hotel and all interested are invited.

#### HUDSON BAY POLICE DETACHMENT

Ottawa, April 15th—The Mounted Police detachment has received mails by way of Fort Churchill from the S. E. Arctic which left Quebec on September 17th and arrived at Cap Fullerton Hudson Bay on the 18th of October just in time to get into winter quarters before being frozen in. No sickness occurred during the voyage. The King's birthday was celebrated as a general holiday.

#### ONE MILLION STRONG.

A Tokio despatch announces that Japan is meeting the Russian plan at reorganization and reinforcement of Manchurian armies with an extensive expedition from its own military organization. The details and figures are carefully concealed of what seems to be plan to launch the present army units, but it is reliably estimated that by autumn the total military organization will exceed a million men actually employed in the field. The fighting force is roughly estimated at 700,000 men with increases largely in the infantry and artillery, although an enlargement of the cavalry branch is also contemplated.

As a result of the manufacture at the arsenals in Japan, together with captures and purchases of guns, it is predicted that this year will see Japanese artillery superior to that of the Russians in quality as well as numerically, and it is confidently believed that the Russians will be incapable of overcoming the numerical advantages. (Wherever railway improvements are possible, they will be carried out, when Japan will be sufficiently stronger to take a bold Herbin and simultaneously continue operations against the Russian forces to the eastward of that city.

#### CONCERT AT THE FORT.

Fort Saskatchewan, April 15—The Easter concert given in Fort Saskatchewan by the Choral Society on April 14th, was a most unqualified success. It is difficult to particularize where every number was a gem. A most enjoyable number was the difficult bass duet "The Lord is a man of war," sung by Rev. Canon W. Eason and Mr. Batz. Folos entitled "He was Despised," and "Thou Didst Not Leave His Soul in Torment," by Mrs. Berry and Miss Pollard, were much appreciated. Too much could not be said of the rendering of Millard's "Ave Maria," by Mrs. F. J. White, Rev. A. Forbes sang "Places of Peace," and Miss Walker "Guard While I Sleep." Mrs. Walker gave a splendid recitation. Many excellent choruses were given, among them Hayden's "Heavenly Telling" and Handel's "Hallelujah."

The concert was under the direction of Mr. G. O. Batz. Mr. S. Batz, as accompanist was splendid.

Announcement from Regina that C.N.R. Plans have been confirmed.

#### Bulletin Special.

A telegram was received from Hon. G. H. V. Bulyon, Commissioner of Public Works, Regina, yesterday to the effect that the C. N. R. Company had submitted the final plans for the combined railway and traffic bridge at Fort Saskatchewan and that the same had been approved by the Territorial Government and the construction of the bridge according to the plans authorized. The arrangement of which this is the conclusion was that the North West Government should contribute the amount of \$47,000 toward the cost of the bridge, the company agreeing to construct the bridge for both railway and traffic purposes.

## THE SCHOOL CLAUSES.

Continued from page three

the new provinces, Mr. Oliver stated that he was not in a position to speak for the entire west, but he believed that the idea is being presented to the public that a condition is being created in the North West. This is not a fact; an existing condition is being continued, and is being continued in the North America Act. The British North America Act is the constitution of Canada; it has been in existence since 1871, and its provisions have been subject to amendment or repeal by Imperial authority at any time during that period. Although the Canadian Parliament has memorialized the Imperial authorities in regard to the Imperial rule, the coronation oath, and various matters of purely Imperial interest, it has never entered a protest against or submitted an amendment of section 93 of the British North America Act, which restricts the autonomy of all provinces in regard to educational matters. This provision is, that special educational rights existing when a province of the Dominion is constituted, are continued, subject to remedial legislation by the Dominion. If this provision of the constitution is objectionable, those who object to it have had ample opportunity to move for its amendment. If it has not been amended it remains effective.

In the educational clauses of the autonomy bills, the government specifically stated the conditions in regard to education which shall be carried forward. Whether these conditions were stated in the bills or not, the provisions of the British North America Act would still be effective, and if a wrong were done by legislation, it would be open to remedy in the courts or by Parliament, as in the case of the Manitoba remedial bill.

In view of the facts connected with the remedial bill of '96, it was felt to be better to specify the conditions now existing, which would be carried forward, than leave the interpretation of the rights of the minority to the courts or to a future parliament under the application of the remedial clauses of section 93 of the British North America Act.

Regarding the merits of the Northwest school system as it exists, it is based on legislation of the Dominion Parliament passed unanimously in the session of 1875 which was given effect to by ordinance of the Northwest council in 1884 and afterwards amended in 1892. The Dominion act of 1875 provided for

the right of the religious minority, whether Catholic or Protestant, to tax themselves for their own schools, and to be relieved from taxation for any schools but their own. This provision being an act of the Canadian parliament was subject to amendment or repeal by that parliament. Since it was passed in 1875 it has not been repealed, and if it is still considered objectionable, it can yet be repealed before the autonomy bills take effect. If that is not done, the government has no other reasonable course, but to loyally conform to the provisions of the British North America Act as it is doing.

The school system now existing in the Northwest, and which is being continued by the autonomy bills, is absolutely and entirely state controlled. From 1884 to 1892 there was a dual school system. Clerical control was in force in the Northwest. That is to say the Catholic clergy controlled the Catholic public and separate schools by means of a board of education, and a Protestant board of education largely composed of clergymen controlled the Protestant public and separate schools. In 1892 the clergy control was done away with, and absolute state control substituted for it. The state control of both Catholic and Protestant public and separate schools still prevails and will be continued. The school system of the Territories is the only school system in the Dominion of Canada, except British Columbia, which is absolutely free from clerical control. While retaining this religious minority of any district, whether Catholic or Protestant, have the right to separate themselves from the majority elect trustees, and engage teachers of their own faith. The qualifications of the teachers, the course of studies, and the inspection of the schools is absolutely under government control, and the same for all schools. Religious instruction either Catholic or Protestant, at the option of the trustees may be given in any school after half past three o'clock, but no religious instruction may be given at any other period of the day. Children attending, not of the faith in which instruction is given, are excused from attendance during the half hour. Schools which conform to the standards laid down by the Territorial board of education and approved by the inspectors, receive proportionate shares of the government aid to schools. There is a common system of normal training, which all teachers must take or be qualified in. There is only one system of inspection, no difference being made between Catholic or Protestant separate or public schools.

NOW I notice a decided improve-  
ment in the cultivation of tobacco  
in Cuba.

The soil is artificially fertilized and the  
plants regularly tended by experienced  
men to keep down the destructive cater-  
pillar—and keep the plant ripped back  
so that only as many leaves are left on  
the plant as nature will allow it to  
properly mature—consequently the qual-  
ity of the tobacco has so improved that  
when I buy the well matured and well cured  
leaves I obtain the choicest smoking material  
the world produces.

### FORT SASKATCHEWAN

From the Reporter:

The R.N.W.M. Police will hold an auction sale of horses on April 22nd, at the barracks.

The Fort Saskatchewan ferry was put into the water on Monday and is now in running order, although the crossing is very slow owing to the lowness of the water in the river.

Several of our citizens went to Edmonton yesterday afternoon to participate in the reception to Hon. Frank Oliver, the newly appointed Minister of the Interior.

The shares of the Fort Saskatchewan Industrial Exhibition Association have nearly all been applied for.

J. W. Shera, M.L.A., has received word from Regina that the bridge on the correction line between Sec. 3 and 33, Tp. 54 and 55 R. 21 west 4 MI. will be reconstructed at once and that Mr. Alton, bridge foreman, has been sent instructions to proceed with the work.

A meeting of citizens and others was held last night in the office of the Queen's Hotel for the purpose of considering the advisability of holding sports here on May 24th. W. G. Shera occupied the chair and W. Armstrong acted as secretary. After some discussion on the subject it was decided to hold sports on that day. The following officers were elected: Hon. Pres. Insp. Strickland; President, W. G. Shera; Secretary, W. Armstrong; Canvassing committee, Messrs. McAvoy, D. Simmons and Daniel; Managing committee, Messrs. Phils, Shipley, Lee, Clark and E. Simmons. It was decided to invite the Edmonton Driving Club to take part in the sports. The meeting then adjourned to meet on Saturday night to make final arrangements.

J. Larose brought in two cars of horses from Macleod this week.

Harold Nelson and his company present "Paul Kaurer" at the rink, Monday, April 17th.

Red Deer News:—Extensive plans are on foot for buildings and improvements in town this summer. A gentleman lately returned from the north says there is more building projected in Red Deer than Edmonton for this season. And yet there is no indication of a boom.

Macleod Advance:—The American Hotel fire was riddled of its contents, amounting to some \$60, last night; access to the building was gained by way of the cellar. The cash register was placed on the floor and stooping down behind the bar where no one could observe his actions the thief abstracted the coin at his leisure.

Calgary Herald:—S. S. Towler and wife, were registered at the Alberta last night from Strathcona. When they left Strathcona in the morning they were not in double harness, but a telegram was sent ahead to a Red Deer preacher and while the ordinary passengers were considering such important matters as satisfying the inner man, the minister joined the two in marriage. They left for the north again this morning.

Regina Standard:—New arrivals to the country continue in an ever-increasing stream, every train being filled to its utmost capacity. The hotels and boarding houses of the city are benefitting thereby. The first section of No. 1 Saturday morning was packed. A number stayed behind, but the majority continued on their journey west. A representative of The Standard had an interesting conversation with a gentleman who was going up to Saskatoon, and had been one of those who came over in the new turbine steamer Victorian, of the Allan Line. There were 1400 passengers, as a result of which they had not those comforts they would have had, were they not so packed. They nevertheless, had a good voyage and had not much to complain of. Asked as to the performance of the new steamer, he said that though she pitched somewhat on account of the rough weather she had to contend with, the motion was very easy on the whole. There was none of the throbbing of a vessel propelled by steam and all they heard was a low, steady noise. The turbines worked splendidly. The class of passengers was very good.

## We Will Buy

A 50c. Bottle of Ligozone and Give it to You to Try.

We want you to know about Ligozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Ligozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Ligozone.

### We Paid \$100,000

For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after proving in thousands of different cases, that Ligozone destroys the cause of any germ disease.

Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetable; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Whooping Cough  
All diseases that begin with fever—all infectious diseases—all contagious diseases—all the results of infection or poisoning—all in germ disease Ligozone acts as a vitamin, accomplishing what no drug can do.

### 50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

### CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to The Ligozone Company, 50-54 Wabash Ave., Chicago.

My doctor is.....  
I have never tried Ligozone, but if you will supply me a 50c. bottle free I will order it.

Give full address—write plainly.

Any physician or hospital not using Ligozone will be gladly supplied for a test.

TRAIN SERVICE: Leaves for Strathcona 7.45 and 10.30. Arrives from Strathcona 9.15 and 10.50.

## LOCAL

—Train on time.

—Probs: Fair and cold.

—The Fort Saskatchewan choral society gave a grand concert in Langworthy hall last evening.

—Mr. Laron has disposed of his livery business and will run a sales stable only in future.

—Auctioneer Smith held the first of a series of fortnightly live stock auction sales at the Alberta stables on Thursday. There was a good attendance and several horses were disposed of, also some cattle.

—The Ladies Aid of Grace Methodist Church, Kinistino avenue, will hold a sale of work on Thursday afternoon, April 20th, in aid of the funds of the church. Tea will be served at a small charge during the sale.

—Hofer &amp; Kenwood have purchased one hundred acres of the King Powell property just north of the city on First street, this property is now being surveyed into lots 50x150 and will put them in the market early next week at reasonable prices and exceptionally easy terms.

—Loggers from Fraser's and Walter's mills are at the timber limits up the river preparing for the drive. The logs taken out by the two gangs during the winter approximate 175,000. The water in the river is lower than before the drive and the work of driving the logs down to the mill will be necessarily slow.

—On Friday evening last, Mr. R. Weir, of Effleville, suffered the loss of his house and some valuable furniture from fire. The family were sitting in the house when they heard a crackling noise in the kitchen which was found to be in flames. The fire had apparently started from the kitchen chimney and when discovered, had made such progress that it was impossible to save the house. A large part of the furniture was saved, but some very valuable articles were burned.

—The military drama "In the Trenches Before Santiago" will be produced in the Tivoli rink Theatre on April 24 and 25 (Easter Monday and Tuesday night). This play is under the direction of Arthur C. Hawkins and the best of local talent has been secured. Nothing will be spared to make it a great success. Mr. Walter Clark's orchestra of fourteen pieces will provide the music under the direction of W. A. Storey. Theatrical Manager Monday will be a holiday, and this grand military drama should prove a great success.

## PERSONAL

E. Knowlton of Star is in the city.

Mr. and Mrs. W. Flintoff came in from the Fort yesterday.

J. Watson, manager of the Central Canada Insurance Co. of Brandon, is at the Windsor.

Mr. Baker proprietor of the Queens Hotel who has been absent for some time, underwent an operation in New York City yesterday. The operation was very successful and Mr. Baker is doing nicely.

Mrs. Thos. Lavoie returned this week from Wisconsin, U.S., where she was called by the illness of a sister.

—A sale of home cooking will be held under the auspices of the Woman's Hospital Aid Society at Hall's candy store on Saturday of this week.

## OLD TIMERS WILL ATTEND

The funeral of the late Thos. Houston takes place on Thursday afternoon next at three o'clock from the residence of Mrs. Houston, Smith street west. The Old Timers will attend in a body. The funeral will be conducted by the Masonic order.

## DIED

—At her home in Wimbledon settlement, Annie Bell, beloved wife of William Yates esp., at 5 o'clock this Friday morning, aged 49 years. The funeral takes place from the family residence at 1 o'clock on Sunday afternoon, burial at the Colchester Episcopal cemetery.

## ATHABASCA FREE OF ICE.

W. McKay returned yesterday from the Landing. The roads were in splendid condition and the round trip was made in four and a half days. The Athabasca was free from ice, but the water in the river was very low and boats will not leave for some time. The creeks along the road are nearly all dry as a result of the continued dry weather.

## EDISON NOTES.

Feeding is going on apace in this district and the splendid weather is still holding out.

A little excitement was created here this week by the visit of Mr. M. L. Williams, Manager of the Egg Lake Oil Company. Questioned by the writer as to the prospects at Edison he replied that they were splendid, even better than at Egg Lake. He has taken leases on most of the homesteads here and at one place oil was found at the bottom of a 20 foot well.

Mr. Arthur Hamilton who took his horses to town last week has sold them there and intends staying in Strathcona for some time. His brother however leaves Edmonton for this place in a few days.

We regret to have to report that our friend Mr. Milligan who came here last fall, has been burnt out losing practically everything in the house. The fire started at the stove pipe hole in the roof and was not noticed until it had too good a start to be extinguished. Mr. Milligan himself was away at the time and Mrs. Milligan, who naturally tried to save all she could, received some nasty burns about the face.

This spring the roads are in fine shape and all incoming land seekers at Edmonton should take advantage of this and take a run up to this favored spot. There is quite a lot of grain being planted this year all over. Messrs. Edgson Bros. are putting in as much as 100 acres themselves. Rev. Mr. Richard of Sunnyside spent a week with us lately, and his services were well attended. It is a well known fact that nearly everybody here wants to procure Mr. Richard as a permanent minister at Edison. April 14th, 1905.

## CHURCH SERVICES.

All Saints—Services as usual at 11 a.m. and 7 p.m. Rev. H. A. Gray officiating.

Baptist—The regular services at the Baptist church will be conducted by Pastor McDonald. The subject of the evening address will be "The Separation of Church and State."

Grace Methodist—Services at 11 a.m. and 7 p.m. Rev. J. T. Trenchard preaches in the evening and Dr. Nicholls in the morning.

McDougall Methodist—Services will be held as usual at 11 a.m. and 7 p.m. Rev. C. H. Houston preaching at both services.

Presbyterian—Rev. H. G. McQueen preaches morning and evening. St. Joachim's—Mass at 8 a.m. High Mass at 10 a.m. instead of 10.30. Evening service at 7 p.m.

## HOLY WEEK SERVICES.

Following are the services to be held during Holy Week in St. Joachim's church.

SUNDAY—Palm Sunday. High Mass at 10 a.m. instead of 10.30. Blessing of Palms; Procession; Singing of the Passion; no sermon in the morning. In the evening Father Jan. O'ST. will preach in English. MONDAY, TUESDAY and WEDNESDAY—Mass at 8 a.m.; Benediction of the Blessed Sacrament at 7.30 p.m.

THURSDAY—Holy Thursday: anniversary of Last Supper; High Mass at 8 a.m. At 7.30 p.m. special sermon on the Passion and death of our Lord. Adoration day and night.

FRIDAY—Good Friday. At 8 a.m. special service in commemoration of the death of our Lord; singing of the Passion. In the evening Solemn Way of the Cross.

SATURDAY—Holy Saturday. special service at 8 a.m. No service in the evening.

CONFESSIONS.—Wednesday and Saturday from 2 p.m. to 9 p.m.

## MASONS WILL ATTEND.

An emergent meeting of Masons called for Tuesday next at 1.30 p.m. at Masonic Hall, to attend the funeral of the late brother Thos. Houston. All visiting members of the order are invited.
